Since 2000, Teachers’ Treasures has obtained and distributed over $62 million in school supplies free to teachers of students in need throughout Marion County.

Middle school students do not always share their feelings, but one of my 8th grade boys asked to speak to me after class. He told me he was embarrassed to say but he wasn’t able to get the materials I required for class as his mom was out of work. I told him it was not a problem and to just stop by before he went home. When he came by I gave him a backpack of supplies, all of which had come from Teachers’ Treasures. He didn’t say much, but his ‘Thanks for caring about me’ made my day.

13,831 teacher shopping trips

100,000+ students impacted

2018-2019 Volunteers

You Lent a Hand

500+ volunteers gave time

8000+ volunteer hours

100+ volunteer groups hosted

Did You Know...
The average teacher spends $500+ out of pocket each year on school supplies to fill need for kids and families who otherwise would not be able to afford them.

American College of Education was ready to give their time throughout the year, bringing in volunteers from throughout the country to sort books, bundle products, and help our teachers shop.

Longtime volunteer Kari Kittleson stepped up her commitment to Teachers’ Treasures in a huge way, becoming Teachers’ Treasures Northwest Satellite Store manager.

Eli Lilly joined us for Indy Do Day, helping to package STEM kits for our shelves, a popular item among science teacher shoppers.

Our First Satellite Store

The Teachers’ Treasures Northwest Middle School Satellite Store opened its doors in Spring of 2019 thanks to generous support from the Junior League of Indianapolis, American College of Education, IPS Schools, and an amazing team of volunteers and supporters like you! This westside location gives teachers shopping access on a historically underserved area of the city.

Spring 2019 Satellite Store Numbers

1,059 teacher shopping trips

$193,195 school supplies distributed
